As One Goes Around

He was a victim the bitterness of labor controversies on the backwash leave helpless on the beach. For years he had been a strong Union Labor man and had been at Sacramento as a Labor lobbyist in the legislature. The Industrial Association of San Francisco was in its heyday and fighting Harry Bridges. Albert E. Boynton was Manager Director of the Industrial Association. He was old in politics, tough on labor radicals and easy to get along with on an on the level basis. Archie J. Mooney needed a job and Labor friends came to me and told me, if I could get Albert E. Boynton softened up, it was likely a job could be gotten for Archie Mooney but, that, if I could not, there was no chance for Archie Mooney getting the place.

Just at that time Tom Mooney, no relation of Archie's, was raising hell generally at San Quentin and I was a State Prison Director and all out of step with Tom Mooney.

I decided I would "Carry the message to Garcia" and I walked into the Alexander building with considerable lack of faith in being able to win out. Mr. Boynton went into the matter with me. I told him, Archie Mooney had a pip of a bad name to get by (Mooney), but that I knew Archie was a man who kept his word and, for that reason I asked Mr. Boynton to help me. "A. R.," he said, "I have had a lot of dealings with Archie Mooney and he was ever fair. Surely, I will do what you ask me to do." No opposition came from The Industrial Association. That was 11 years ago. Last night I read in the San Francisco News: "Word of the California Plan for on-the-job training of veterans has reached the New England states and the man-behind-the-scenes has been invited by Director of Industrial Relations Paul Scharrenberg, to come tell them all about it. With two brief cases and a pair of suitcases crammed with essential data and statistics, Archie J. Mooney, chief of the California Division of Apprenticeship Standards, the watchdog agency, today was heading for New Hampshire in answer to the plea for more information and possible assistance in starting the program here."

Long ago I helped Archie J. Mooney when he needed help and down the years Archie Mooney has never failed to aid a man needing assistance and he is today on his greatest mission. That fact, to my way of thinking, is bread on the waters.

I am not a porcelain-mouthed politician. In politics I call a spade a spade, that is the school I grew up in. I never train with an in-and-outer. My place is with my friends and I am clumsy ducking, dodging and trimming. With that nature of background, naturally, I am disgusted with the manner in which the recall against Mayor Roger Lapham is being opposed. My friend of the years, Francis V. Keesling, who is the Mentor of Mayor Lapham, is pulling his punches, it seems to me. The recall fight against Mayor Lapham is not being made because of the failure of the Lapham administration to iron out the streetcar breakdown. It all arose when Henry Budde, the throw-away newspaperman, had a dream about creating a Philippine Island Memorial and a movement was begun to get donations for it and Roger Lapham was named, without his agreeing to serve, as chairman of the Memorial Drive. Mayor Lapham vigorously protested an attempt to force him into the job and stated, point blank, when Henry Budde went to talk to him, he would not go. Then Henry Budde told Mayor Lapham he could go to Hoboken or some other place and the recall, predicated on the failure of the unsatisfactory operation of the streetcar system was substituted for the real cause — the Budde grouch over Mayor Lapham's refusal to head the Philippine Memorial — still, there is danger from the recall movement, unfair, unwise and un-called for, as it is. The recall can be defeated, if the proper reason for the attempt is shown San Franciscans, but a winning fight for the Mayor has, so far, not been started. Frank Keesling is a fine fellow but a rather ragged mixer of political medicine, as can be attested by what followed his ill-timed break with Senator Hiram W. Johnson which caused Chief Justice Hughes to lose California in the presidential fight years ago and, incidentally, the Republican party the presidency.

Three weeks ago I rode out from San Francisco with Bridge Director Hugo D. Newhouse. He and his brother, Arthur, had been bidding on a big business block in San Francisco and Judge Timothy Fitzpatrick had, at last, awarded a high bid to others. The building was being sold by an estate in probate court. The Newhouse boys had bid almost a million dollars for the property but were a little low and lost the tender. Thinking to relieve the tension I said: "I am sorry, Hugo, you and Art lost the bid." "Oh," Mr. Newhouse replied, "A. R., it does not particularly matter. Money, in the end, is not everything." Three weeks from that day I sat in Gray's Mortuary with other Bridge Directors and officials, attending Hugo D. Newhouse's funeral and, as I looked across the room at the casket, I recalled what Hugo Newhouse had said to me on our ride out to the Bridge—"Money, in the end, is not everything." Yes, my dead friend, you were right. In the end money does not count. I never saw a shroud that had a pocket in it.

UNIONS STUDY LATEST OFFER OF COMPROMISE

Workers Going Over Recent Figures Of Mill Owners

REJECT CLOSED SHOP

Employers Agreeable Except On The One Union Demand

Special Correspondence of The Press

STUDYING IT

From Eureka comes word striking redwood lumber and sawmill workers today studied a new proposal by operators seeking to settle the five-months-old strike. The operators offered a pay increase of 20 cents an hour above rates in effect at the time of V-J day, with a minimum wage of $1.02½ an hour; additional wage increases for skilled workers as soon as they return to the job; a week's vacation annually for all employes and two weeks for those with five years' service, and new safety provisions. The operators repeated their previous offer to maintain union membership but refused the strikers' closed shop demand, which has been a main obstacle in settling the walkout.

FORT BRAGG, June 24.—Another low abalone tide will be witnessed on the Mendocino coast on the weekend of June 28, 29 and 30, when the reading is minus 1.9 both days. The lowest point of the tide will be 5:10 a. m. Friday and 6 o'clock Saturday morning.

Strongly For It.

The people of Fort Bragg voted overwhelmingly in favor of firehouse bonds — the count being 658 yes. Only 41 voted no. Plans and specifications for the new building are being drawn and work on the structure will start as quickly as possible. Fort Bragg will soon have one of the best firehouses of any town in this part of the state and our volunteer five department is as dependable as the best.

Want A Secretary.

At its meeting last week the Chamber of Commerce decided to employ a full time paid secretary-manager. The directors would prefer a local man for the position but if one cannot be found, the best qualified outside person to be obtained will be employed. Janet Holmes has filled the position the past two years but has resigned in order to take care of her private business.

A TOUGH KID

Milton Reyes, 17, Willits youth, has been arrested for reckless driving and led the police officers a merry race until they caught up with him. He was chased as far as Redwood Valley and was taken before Judge Fred Foord and fined $25 and his driver's license was suspended until he is 18 years of age. In addition to this he will be required to pay $81 for damage to the police car.

Work on this project will start soon as possible. Brown & Arnedt, of Redwood City, purchased 160 more acres of redwood timber adjacent to their Two-Chop shingle mill which is operating at full capacity. Purcell & Williams, of Long Beach, lately bought the 600-acre stock ranch and large stand of redwood timber near Irmulco from Jasper Williams with intention of erecting a small sawmill. Capt. This tract is a portion of the former Freeman Hotskin ranch. All these sales are reported by Whitney & Reynolds but there are several other realtors here who have not reported their recent sales, which are considerable.

ANOTHER DEATH BY AIRPLANE MISUSE

Sudden death struck on Clear Lake Monday when a low-swooping plane took the life of Mrs. Jules Steen, and sent her husband to Lakeport Hospital suffering multiple fractures and other injuries. The fatal accident occurred when the plane, piloted by Arthur Stagg, skimmed across the waters of Clear Lake in the vicinity of Austin's Resort, decapitating Mrs. Steen who was in a row boat. An accident which claimed the life of Max Helstand, 40, former Army Air Force pilot, occurred at approximately 9:15 Sunday morning at Paradise Park near Napa, while Mr. Helstand was allegedly stunting at a low altitude. The plane failed to come out of a "slow roll" and crashed. Mr. Helstand, believed to have been killed by the impact, was cremated in the flaming plane. Supervisor Thomas Maxwell, of the Napa Board, said of the accident: "I think the planning commission might as well make up its mind to be hard-boiled in these airport matters. If the field is not safe by the minimum standards set up by the Civil Aeronautics Administration, it will not be allowed to operate."

AIR CIRCUS SUNDAY PROMISES GREAT THRONG AT THE AIRPORT

Many Ships Coming—Army And Navy Will Exhibit Equipment On The Field — Buy Tickets In Town—Two Gates Open

SEND EQUIPMENT

Both the Army and Navy are sending air fighting equipment to Ukiah for the show Sunday. It will be exhibited at the ground. The bringing of the Veterans Circus to Ukiah is under sponsorship of the Ukiah Chamber of Commerce.

Interest in the Veterans' Air Circus Sunday at the Municipal airfield continues to grow and there will, undoubtedly, be a large crowd out to watch the feats of the visiting aviators. In addition to the air actors who will participate in the program, a delegation of flyers will come from Hamilton Field. There will be others from Santa Rosa. In all there will, probably, be not less than 75 planes on the field Sunday. "Madman" Herb Page, who heads the Circus will be at the field early. He and the other aviators who will take part will get in early from Nevada. The full program put on at larger airfields will be given Ukiahans. The Ukiah Twenty-Thirty Club members will be on hand to serve soft drinks and hot dogs to the crowds.

Get Tickets Early.

The fact there will probably be some confusion at the gates Sunday when it comes time to obtain tickets has forced the Chamber of Commerce to make the request all who intend taking in the show should purchase their tickets at either of the Banks or any of the various stores of the city which have tickets on sale. This is done with the idea of facilitating the entrance of intending spectators and not keep them waiting at the entrance gate.

Plenty To Watch.

Starting early in the morning the outside planes will begin to arrive at the Airport and will continue to come in until noon. There will be lots to watch and amuse oneself with before the show actually starts after one o'clock. There will be two gates to the airport open during the day—One will be closer to town than the regular entrance. It is suggested both gates be used so as to avoid any congestion either way. Try and get your tickets before entering the gate, as purchasing tickets at the gates will entail delay.

A Woman Jumper.

The altitude drop of Dorothy Barden will cause you to have shivers up and down your spine. A veteran of more than 400 plunges into space from high altitude, Miss Barden will be on hand to do her full share in gasp creating Sunday afternoon.

A DARK CLOUD HOVERED OVER N. W. P. DEPOT!

Meat Mastication Is Creator Of A Knock-out By Walkout

NEGRO CREW STRIKES

Henry Dohring Scored—Got Meat When There Was None

Joe Louis won no quicker victory last week in New York than did the 45 colored men working at the Northwestern Pacific depot improvements in Ukiah on Saturday morning. Joe got his by a haymaker to the jaw — a knockout. The transient contingent secured their victory by the ancient and honorable device long coddled by the New Deal—a walkout.

Here It Is.

It appears the contingent of colored men employed at the depot are carnivorous in their appetites. They would have liked, of course, to have had pork chops, yet they would settle for beefsteaks. But there was no meat in Ukiah, at least, so said the representatives of the Northwestern Pacific Railroad. Then, declared the colored boys — no meat, no muscle movement, and they shambled off the job. The pear season was approaching and there was a lot to do between now and the days before the harvest here is over, Jessie, dear, and must be handled.

The Miracle Worker.

Hence, Henry P. Dohring, who is President Veale's right and left hand man in emergencies, began rustling and before very long was back on the right-of-way with fifty bucks worth of meat and meat on the platform, like oil on the waters of the sea, performed wonders. The supply of steer created calmness and those who a few minutes before wanted labor war, after masticating their bovine flesh, trekked tranquilly to throwing the sledge. However, the laxity of toothsome beefsteaks was no creation of the men who refused to work and, accordingly, the Railroad Company had to come across to them, although they toiled not, with full pay while the temporary strike was on and the mazuma those mechanics make mounts not in pennies, no, siree, them boys gits ten iron men and fo' cents a day, plainly 10 bucks every eight hours and, when they are active over that period, it is necessary to slap down time and a half.

It's An Old Story, Mates.

That is the real McCoy in exemplifying the assertion made by a gentleman named Abraham Lincoln, a long ago, after it had been made popular earlier in the century by other gentlemen who drew up what they termed The Constitution of the United States —A laborer is worthy of his hire, regardless of race, creed or religion, by Jepers Creepers—and so it has come to pass that, in the year of Our Lord, one thousand, nine hundred and forty-six in the State of California, county of Mendocino, at Ukiah, on the banks of Russian river, the colored boys working at the depot are entitled to carry home pay in the sum of $10.04 cents a day in a six-day work week and pork chops, or, as a substitute, beefsteaks if the chops are not available are not forthcoming, we all strike. Yes s-i-r!

CLAY BERNHARD'S BOY AN INSPECTOR

BOONVILLE IS FEARFUL THAT DEATH AWAITS

Speedway Through Its Main Thoroughfare Is Dangerous

NEED A TRAFFIC MAN

Disregard Of Safety Seen Inviting Auto Accidents

Special Correspondence of The Press

ANDERSON VALLEY, June 24. —Mr. and Mrs. A. B. Willis had as guests over the weekend their son and wife, Mr. and Mrs. Dennie Willis, of Laytonville. Saturday their son-in-law and daughter, Mr. and Mrs. Donald Logan and three children, of Watsonville, arrived for a vacation and with Mr. and Mrs. Porter Willis and Mrs. Walter Tuttle and small daughter Linda, who reside here, completed the family circle except for Sergt. Walter Tuttle, who is in Japan. This is the first time in years Mr. and Mrs. Willis have had all members of their immediate family home together and it was a happy occasion.

Need Traffic Officer.

There is a growing need for a Traffic Officer in this section on Highway 28. With the heavy traffic now on this road and the large increase in the valley's population, traffic laws are being ignored almost entirely by many. The street through Boonville is a regular speedway for cars and trucks alike. We have a 25-mile zone but evidently no one reads the signs which were put up years ago by the Highway Department and are almost a stone's throw apart. The signs should be moved to include the town, not just the business district, and the speed laws should be enforced. Many residents have been heard to remark it will take a fatal accident to secure any results in enforcement. Boonville has passed the stage where two or three cars had the street to park in. At present parking is a problem. At many hours of the day there are motorists who totally disregard all parking rules and park on sidewalks, driveways or double-up two or three abreast in the street. It's time some action was taken to remedy this condition.

Mr. and Mrs. Butler M. Brinegar, of San Francisco, were weekend guests here. Mrs. Brinegar is the daughter of Mrs. Hetty Rawles and sister of Mrs. D. E. Babcock.

Met The Bride.

Mrs. M. C. Gowan was hostess at a miscellaneous shower June 13, at her home near Philo, honoring her new daughter-in-law, Mrs. James Gowan. About 25 ladies shared the pleasant afternoon. The shower brought many useful as well as beautiful gifts. The afternoon was passed at cards and visiting and refreshments were bride's cake and punch. The new Mrs. Gowan is from Santa Fe, New Mexico.

Mrs. H. A. Albert, Mrs. Rene McGimsey and Miss Beverlee McGimsey were Santa Rosa visitors the first of the week. While there they were guests at the R. E. Vallier home. Mr. and Mrs. Vallier and son, John, passed Sunday here and returned to their home on the Sunday evening bus. Their guests went to Santa Rosa on the same bus with them and all attended a Bing Crosby picture that evening.

Was Luncheon Hostess.

Mrs. Philip Clark was hostess at a luncheon followed by bridge Wednesday at her home near Boonville. Covers were laid for the following ladies: Mrs. M. C. Gowan, Mrs. Fred A. Rawles, Mrs. D. H. Van Zandt, Mrs. Neva Dennison, Mrs. Harry Richmond, Mrs. Robert M. Batterson, Mrs. Richard Hayes and the hostess, Mrs. Philip Hayes. Prize for high score went to Mrs. Batterson and consolation to Mrs. Richmond.

Attended Funeral.

Mr. and Mrs. J. A. Cotton drove to Susanville Tuesday to attend funeral services for an old family friend. They returned the same day. Both are employed at the Charles Lumber Co. Mr. Cotton is woods foreman and Mrs. Cotton is bookkeeper.

Made City Visit.

Mr. and Mrs. M. L. Farrer, Miss Eileen Brown and Miss Betty Smith passed the weekend in San Francisco, going there to attend the Ice Follies. Miss Eileen left the following day, after her return here, for her home in Eureka.

BURYING AN OLD FRIEND

WEDNESDAY MORNING at St. Mary's church I listened to a sincere, commonsense burial ritual delivered by Father Finnian Carroll, a Capuchin priest. Pat Connolly, a pioneer of this section, died in San Francisco and his funeral was being held. A lot of Mr. Connolly's old friends were in the pews, many of them expected an exaggerated eulogy of Mr. Connolly which, in truth, they would not have cared to hear, but they got nothing of that kind. Instead, Faher Carroll, in an earnest, conversational tone told us what we knew was true about Pat Connolly. He did not over-paint him. He related the dead man had come from the lowly, gone to the Mendocino coast and taken a menial job in a sawmill, advanced rapidly, when, unfortunately, Mr. Connolly had suffered an accident which crippled him and forced him to seek another means of making a living. Father Carroll said Mr. Connolly had married a fine, family-loving Catholic woman who worked hard with Mr. Connolly to provide a good home and bore an upstanding family of boys and girls. Mr. and Mrs. Connolly were an honest, God-fearing man and woman who walked humbly with their Maker. They loved their country and they knew they had to earn their living the hard way — they were too sensible to permit the fact they were poor to, in any manner embarrass them and an inherited wisdom from Irish ancestors taught them thrift and, as they raised their boys and girls, sent them to church and provided them excellent University educations, in the end, they saved. Pat Connolly was a blustering enthusiast in matters near his heart and, once in a while he would fly off the handle, but Mrs. Connolly, always sincere and even-tempered, was a superb balance wheel and, as they went down the Avenue of Time to the Sunset of their lives, Father Carroll told us, their team-work was remarkably well timed — they were patriotic to their country and meek and lowly with their God. There was no melodrama in Father Carroll's recital of what Pat Connolly had been — he did not pretend to eulogize the old friend we were about to lay away to sleep in a forgiving grave, eternally. There was no high-voiced soloist, no mournful pealing of the organ. Incense from the altar floated over us and through the stained windows of St. Mary's there came glorious shafts of California sunshine that lovely summer morning. It was a really [illegible] the ordinary burial service. It was not [illegible] as we sat there, appreciating we had come to the point we would know an old friend no more forever and we were glad to have heard Father Carroll say many a banknote had come silently from Pat Connolly to the Church in which he worshipped to help in some needed and worthy cause. The service ended and the cortege went to the cemetery and we tenderly bore the body of our old friend to the carriage above the grave before it was lowered down into the earth from whence it came, Judge H. L. Preston, one of the pallbearers, took the white carnation Undertaker Ormsbee had placed in the buttonhole of each of us, stepped forward and laid it on the casket and all of us followed him and did what he had done. As I dropped my flower on the bier of Pat Connolly, I said a little prayer for the repose of his soul and then I came back and went to work. I had done for Pat Connolly a service which, some day, some one, for you and me, must perform.

IT IS REPORTED FARM LAND VALUES in California are already more than 30 percent above their peak of a quarter century ago, and this increase is greater than any other state.

The rush of city people to buy acreage is said to be one of the major factors causing the rise.

Those persons who are now virtually "breaking their necks" to buy farm property should pause long enough to consider what happened after World War I. In 1919 farm land prices went up sharply under a continuing heavy demand for foodstuffs. But a year or two later as devastated areas of Europe got back on their feet the demand for farm products took a nose dive—and so did farm land values. Thousands of persons lost their farms — and their "shirts." The fact a good many property sales today are made for cash should tend to reduce the number of losses when the inevitable adjustment in rural acreage prices takes place. But even at that, one does not find himself in a very happy position when holding a piece of property which has dropped to half or less of the amount he paid for it.

It is said farmers themselves have contributed somewhat to the price increase by purchasing more land. The steady climb in savings deposits in rural areas reported by California's banking institutions indicates, however, many, if not most, farmers are resisting the temptation to speculate and are continuing to build up their financial reserves for future needs.

The real inflationary danger does not lie in the amount of money in circulation; it is how we use the money. If we keep cool and refuse to bid up prices in real estate or anything else there can be no destructive inflation. It's up to us. Let's not let ourselves down.

Sidelights of Sadness

Being incidents connected with California's State Prisons as observed by A. R. O'Brien, editor of The Republican Press, while chairman of the State Board of Prisons of California

UN-CRASHABLE ARE FOLSOM'S MAIN GATES

After the guard had let me in the front gate, I always used to stop and gaze at the other inside gate and realize any inmate trying to crash the main entrance gates at Folsom with a truck, would have a hard time breaking the outside and, even if he which he did so, he would still [illegible] the guards' rifle fire from their rock-walled room over the entrance and, knowing that, in addition to the gate barriers, there was still another device, a creation of Former Warden Court Smith's ingenuity, I could not reconcile myself to an understanding of how three convicts in a truck had, two weeks ago, crashed the gate and escaped. The fact of the matter was the paper in which I read an account of the affair did not have the right conception of details of location of the break. In truth the gate through which the convicts drove their truck was not located at Folsom prison, direct. It was the gate at the ranch entrance outside the main walls through which the fleeing inmates sent their truck and reached liberty, only to be recaptured a short time later.

From inside the main gates at Folsom they could not have gotten a truck through the barriers. They could not, because, long ago Warden Court Smith evidently saw what might, some day, be attempted, and in advance [illegible] the inmates. On the inside of the first gate, going out, was not a real, although silent, [illegible]. For a long time this [illegible] spot centered the [illegible] of Warden Court Smith. He did not say anything about what [illegible] him when he was [illegible] paying so much attention to the gate entrance, but, [illegible] many weeks what had [illegible] Warden Smith's mind [illegible] take form.

[illegible] he had dug six holes and [illegible] he had placed a heavy [illegible] five-inch iron pipe [illegible] in concrete. These cemented pipes came just [illegible] the floor of the entrance of [illegible] gate. Between the [illegible] entrance Warden Smith maneuvered and the gate itself there was four feet of space. Into the iron pipes Warden Smith placed heavy iron bars. The bars had two horns, or handles on them and these bars, with considerable effort, would be lifted out of the iron-cement imbedded pipes. Thus, should a truck be driven against the barriers, the truck would be thrown aside. It would not be able to crash the string of iron posts. As a truck came up to get through the gate it had to come to a stop and accordingly could pick up no momentum at once, on which to drive on through. As the truck neared the gate approach a convict inside the gate signaled the guard and the latter, after the truck had come to a full stop, looked it over, and would then give the sign to the two convicts on the inside of the yard to lift the iron supports. Then the truck would pass on into the space between the two gates and the rear gate was locked — The outside gate was never opened except by the inside guard. The two convicts would let the barrier bars slip back into the iron-cemented holes. When that was done the guard at the first gate to the yard entrance would, after he saw everything was in order, open the outside gate and the truck would be in the entrance court to Folsom Prison, but even then the canniness of of Warden Smith did not end. For a long distance, straight-ahead, the road to the highway ran — Folsom is back from the main highway almost a mile and, on this stretch, after a truck or automobile had gotten out of the entrance gate it would be under rifle range of the guards who were in the gate tower. The arrangement was so thoroughly complete many visiting Wardens, who came to look over Folsom, went home to devise similar gate protections for their own prison and, accordingly, there are penitentiaries all over the country today provided with the same gate protection Folsom has, all being patterned after the one Warden Court Smith devised, years ago, and which has been accepted as the last word in preventing desperate prisoners in charge of, or who may have commandeered, a truck, intent on "going through" the gate to freedom.

To the Striking REDWOOD WORKERS

How many times have you been told by Union leaders during the last 5½ months that

"THE STRIKE IS WON"?

How many times during January, February, March, April, May and June have Union leaders said that they needed "just a little more time"—that the operators would "admit defeat" in 2 or 3 weeks?

That kind of talk is as untrue and ridiculous today as it was when uttered by strike leaders in January, February, March, April, May and June.

THE OPERATORS WILL NOT GRANT UNION SHOP

We will not compel employees to join and forever remain members of the Union in order to hold a job with our companies. The law permits you to join or not to join the Union—as you see fit. We have offered to renew Maintenance of Union Membership, with an escape period which preserves the right of every employee to withdraw his membership, without sacrificing his job and livelihood, if he feels that he is not being properly represented by his Union.

This type of Union security protects **you** as well as the Union.

In the meantime your chances of regular employment this winter grow dimmer and dimmer. Strike assessments, paid by you and fellow workers, keep piling up and will keep on piling up to prolong a strike that is **now in its sixth month.**

Is it not time to reach a final agreement and settle the strike **now** on the basis of the employers' latest offer? The provisions of this offer of June 17 exceed in many respects, the basis on which many major strikes have been settled.

WHY SHOULD THE REDWOOD STRIKE BE FURTHER PROLONGED?

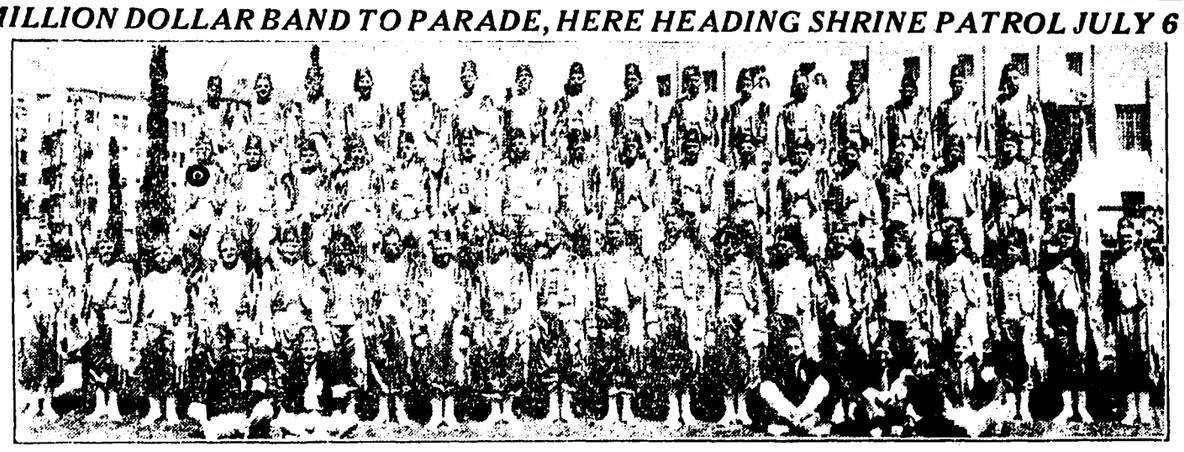
MILLION DOLLAR BAND TO PARADE, HERE HEADING SHRINE PATROL JULY 6



MUSICAL TREAT AT THE GRANGE DANCES

Oliver Pacini's Dance Band is not approached hereabouts. Coming from a musical family, Mr. Pacini has a natural talent and all his life he, and other members of his family have cared for nothing so much as music practicing. Oliver went to war and while in Europe became an orchestra director and dance band leader. In Germany he headed an eight-piece Hungarian Gypsy orchestra. He also was top man in an 18-piece stage musical aggregation and he led a large GI body of orchestral stars who played over Station ATM in Germany. When he was leading orchestras in the war section of Europe he had a buddy named Darrell McClura, who sang with the orchestras and, by a prank of fate, Oliver Pacini happened to run across Darrell McClura not long ago, here on the coast, and Oliver Pacini induced Mr. McClura to agree to come here and appear with the Pacini orchestra when it plays at the dances which will take place at Grange Hall, under Grange sponsorship shortly. These events will be well worth while. The music is excellent. Everyone, always, has a fine time at any gathering connected with The Grange and those who have not heard Darrell McClura mix his wonderful voice with the swing and rhythm of the music of the Pacini orchestras have really missed much.

AT ROTARY CONVENTION

Supervisor Fred Leonard of the County Superintendent of Schols office returned Saturday evening from Atlantic City where he had attended the Rotary Convention. Mr. Leonard went into Washington on his way back and said the National Capital, as well as the big cities of the east, were teeming with business.

RETURNING HERE

Mr. and Mrs. Fred D. Patton, who have been living in Potter Valley, are moving back to Ukiah to reside.

Wm. R. Wright, Potentate of Aahmes Temple, Oakland, Raban Robert Fouke, Out-of-Town Chairman, Past Potentate Herman Englehardt and Recorder Bob Abernathy will be in Ukiah at the monthly meeting of Pomo Shrine Club. Also several members of Sonoma County Shrine Club, of Santa Rosa, will be in attendance.

To Make Arrangements.

Final preparations for the July 6 ceremonial at Ukiah will be formed. Aahmes Million-Dollar Band of 65 pieces, 40 member Chanters singing group, patrol of 45 members, Arab mounted patrol of Santa Rosa, 20 strong, and the famous 40-member Ranger patrol will also be in the line of march. Fifty candidates will travel the sizzling hot sands July sixth.

The parade, with its accompanying Chanters and Patrols, any place it appears, is a dazzling and elaborate sight to see. The Band is one of the foremost organizations of the Pacific and the Chorus contains some of the very best voices. Everone in Ukiah should be out to see the parade which the Shriners will put on and it is hoped, as the Shriners pass, each individual Ukiahan will see to it the members get the "great big hand" their excellence merits.

HAD FINE MOTOR TRIP

Mrs. Ella Osborn and Mrs. E. Snow were in Ukiah Monday afternoon enroute to the home of Mrs. Osborn at San Anselmo after having enjoyed a motor trip which took them as far as Tia Juana and included numerous interesting side trips including a visit to Mrs. Osborn's old home in Covelo. The Osborn's are a pioneer Covelo family, although they have been residing at San Anselmo several years now. Mrs. Snow lives at Vista and she and Mrs. Osborn were girlhood friends and Mrs. Snow will go on to her home in Vista, after arrival at San Anselmo.

Tom Ornbaum ,one of Anderson Valley's most substantial ranchers, was in the city a few hours Thursday.

SAILORS INVOLVED IN A FATAL CRASH

Killed instantly when the car he was driving crashed into the side of a truck 20 miles north of Willits, Wednesday, Martin Francis Trainor, 25, of the Alameda Naval Air Station, was the second victim of fatal Redwood Highway accidents within the last two weeks in that area. Wendell Farlss, Jr., 18, also of the Alameda Naval Air Station, who with Geo. Orr, 18, of the same place, was riding with Mr. Trainor, is in Howard Memorial Hospital in a serious condition from broken ribs and a punctured lung, a result of the wreck. Mr. Orr, suffering cuts to head and abrasions of the legs, was transferred to the Naval Hospital at Alameda, after treatment at Howard Hospital. According to Frank Smith, Highway Patrolman who investigated the crash with Patrolman Charles Ciancio, the car which the ill-fated naval man was driving was traveling too fast on a curve, veered out of control when Mr. Trainor tried to get the vehicle back on the right side of the road, and crashed into the side and bed of a truck being driven by Richard Anderson, of Longvale. Gene Requa, of Longvale, an occupant of Mr. Anderson's truck, received head wounds but was not seriously hurt.

AT WOODLAND

Mr. and Mrs. Carl Daubeneck were in the Sacramento Valley over Sunday and were guests of Mr. and Mrs. Wally Cowen at Woodland, where Mr. Cowen is manager of the Mann Theatres in that city. The weather in the Sacramento Valley was warm, but the drive home in the evening, with a delightful breeze prevailing, was enjoyable.

WAS FISHING

Cashier William Bromley, of the Savings Bank of Mendocino county, was in San Francisco the end of the week, returning Saturday afternoon, and shortly afterwards left on a fishing trip over Sunday.

NO PRODUCTION CHARGES JULY 1

Cattle, sheep or lambs sold by stock raisers after June 30, 1946, will not draw production payments, according to an announcement made by E. H. Spoor, director of the PMA state office. Likewise, feeder-slaughterers will be eligible for the payment only on stock slaughtered by them before July 1. Director Spoor's advice to the county AAA committee handling these programs is that, under present regulations, the program instituted a year ago to stimulate meat production now terminates June 30.

RATTLESNAKES IN LAKE CO. ACTIVE

Jesse Charlton, of Kelseyville, was struck by a rattlesnake at his home Saturday. He rushed at once to a doctor and was given immediate care. As the result, he is getting along nicely and will be fully recovered shortly. He was struck when he stooped over to turn on a faucet near the ground. Mr. Charlton is the second man to be struck by a rattler in Lake county so far this year, the other, George Berg, of Middletown, scorning medical care until too late, and subsequently dying at the county hospital. The reptiles appear to be unusually vicious this season and next month will find them at their worst.

DIED HERE

Miss Theresa Kineally died yesterday morning at Ukiah General Hospital after a long illness. The remains will be taken to Saint Helena for burial. Miss Keneally was a sister of Mrs. Helena Cox and an aunt of W. G. Cox of this city.

ON SAD MISSION TO RENO, NEVADA

Wednesday members of the J. E. Layman family received news of the sudden and unexpected death of Mrs. David R. Virgil (Shirley Layman), daughter of Mr. and Mrs. Laurance E. Layman, of Reno, Nevada. Mrs. Virgil was 23 years of age and leaves to mourn her untimely death, her husband, a little daughter, parents and many relatives. Among those leaving from Ukiah to attend the funeral Sunday were J. Edward Layman, Mr. and Mrs. R. F. Mazzoni, Miss Rose Gibson and Marion Gibson.

LAST O. E. S. MEETING HELD MONDAY

Worthy Matron Leona Mazzoni and Worthy Patron R. O. Foster presided at the last regular meeting of Kingsley Chapter No. 58, Order of Eastern Star, that will be held before the beginning of the summer vacation. The principal business of the session was initiation of four candidates into membership in the Order. Those admitted were Mr. Mildred Davis, Mrs. Adda Lindsey, Mrs. Juanita Bradshaw and William Hildreth. The initiatory ceremonies were conducted by a group of officers including eight substitutes—Mrs. Katherine Foster, Associate Matron; Dr. J. H. Hansen, Associate Patron; Mrs. Iva Mellis, Secretary; Mrs. Hazel Harmon, Associate Conductress; Mrs. Katherine Harvey, Organist; Mrs. Grace Foster, Adah; Mrs. Loretta Hopper, Sentinel, and Mrs. Martha Bittenbender, Flag Bearer. Some of those present who have witnessed the initiation ceremony many times said they had never seen the work executed in a more interesting and impressive manner. The Matron and Patron had the opportunity to exhibit their executive ability in the very successful manner in which they distributed the offices among the substitutes and conducted the ceremony. Some of the regular officers were away on vacation and others were absent on account of graduation exercises in the grammar and high schools. Mr. and Mrs. Linus Miller, Associate Matron, were away on a deportation mission in the east. Local friends had recently received cards from them from New London, Connecticut.

The Chapter room was very artistically and attractively decorated for the occasion with gleaming white St. Joseph lilies and colored sweet peas. The officers and those who participated in the program were dressed in white. Worthy Matron Leona Mazzoni wore a beautiful and becoming evening dress of white taffeta and net embroidered in red. Mrs. Mildred Davis was attired in a charming evening costume of coral colored silk jersey which was completed with a corsage of three gleaming white gardenias. Mrs. Adda Lindsey's lovely gown was of flowered taffeta in shades of cream and rose. Mrs. Juanita Bradshaw's distinctive black evening dress set off her striking style of brunette beauty.

Visitors from other Chapters were Mrs. Lenna Windsor, of Bellflower, Mrs. Adell Lane, of Santa Rosa, and Mrs. Hazel Ferguson, of Healdsburg.

Members who have been away for some time were Mrs. Barbara Frey and Mrs. R. C. Roberts. Mr. and Mrs. Roberts were former owners of the Ukiah Motor Court. They now own and operate the Plaza Motor Court in Crescent City. Mrs. Roberts and her mother, Mrs. R. L. Windsor, came from the north to witness the initiation of their friend, Mrs. Mildred Davis.

Mrs. Ina Branson was soloist for the ritualistic rites.

Following adjournment, Mrs. Olive E. Busch spoke of "Famous Flags." Friday, June 14, 1946, was the one hundred sixty-ninth anniversary of the day on which the flag of the United States was adopted by the Continental Congress. It was also the centenary of the one hundredth anniversary of the raising of the Bear Flag at Sonoma.

The U. S. Flag was raised for the first time in California by Commodore John D. Sloat over the customhouse at Monterey, July 7, 1946. It is expected nearly 200,000 persons will attend the centenary celebration at Monterey July 4-7.

There are three patriotic compositions paying tribute to the flag with which every American, young or old, should be familiar. They are the Flag Pledge, the American's Creed and the National Anthem. They are important because they symbolize our form of government and way of life. Mrs. M. A. Eglin recited the Pledge and Creed and led in singing the anthem to piano accompaniment by Mrs. Katherine Harvey.

The patriotic theme was further developed by the decorations in the dining room arranged by Mrs. Arthur Tooby. The tables were spread with ruffled runners of red, white and blue and were decorated with red, white and blue flowers and American flags.

A supper of filled buns, potato chips, olives and coffee was served by a hospitality committee which included Ethel Pritchard, chairman, Mr. and Mrs. E. W. James, Mrs. Arthur Tooby, Mrs. Ben Mallory, Mrs. Lillian Hurley, Mrs. Lulu Holtze, and Mrs. Olive E. Busch. Worthy Patron R. O. Foster announced Kingsley Chapter will meet June 27 with Willits and Augusta Chapters for reception of Isabella Harrison Hilditch, Worthy Grand Matron, and Harry C. Sproul, Worthy Grand Patron. The meeting will be held at the Willits Masonic Temple at 8:00 o'clock P. M. The Worthy Matron will endeavor to arrange transportation for members of the local Chapter who desire to attend the meeting.

The affair will be a dessert luncheon. A short program and social hour has been planned for the afternoon. Arrangements for transportation are being made by the chairman, Mrs. E. Balyeat.

BERTHA EMERY'S HOME WAS WELCOME SPOT

Two of Ukiah's most highly respected residents, Mr. and Mrs. L. J. Holzhauser, were made much over, as they should be, last week when an anniversary dinner was held in their honor, observing the sixtieth year of the wedding of the honored couple. Children, grandchildren and friends helped manifest their appreciation of Mr. and Mrs. Holzhauser, who were married in Tulare county, at Traver, June 13, 1886, and have lived here since the turn of the century. Sunday's guests included Mr. and Mrs. James A. Montgomery, Mr. and Mrs. Robert F. Montgomery and daughter, Caroline, of North Hollywood, Mr. and Mrs. Verner J. How to shorten holiday meal fixing

It is something of a problem to serve well-balanced meals and keep cool at the same time these warmer days. The trick is to arrange menus so that most of the meal preparation can be done in the cool of the morning and evening. We've some tips on the subject.

ONE HOT DISH—The well-balanced menu should include at least one hot dish. We naturally think of soup because it is taste-tempting, even on the warmest days. If you like to make your own, then plan to make it in the cool of the evening for reheating later. Or serve one of the delicious canned soups for even less time in the kitchen.

PLENTY OF SALADS—Summertime is salad time. Make big ones and plenty of them. They can be as hearty as you like with meat, chicken, fish, cheese or eggs to make them substantial. If the salad is to be the main course, however, be sure there are enough protein ingredients to make it equivalent in nourishment to the usual main course. The nice thing about salads: all the ingredients can be prepared in advance and all ready for the last minute slicing, shredding and mixing. Gelatin salads can even eliminate that.

CASSEROLE DISHES—Contrary to opinion, casserole dishes are grand summer offerings. They can be an all-in-one meal with only a salad and dessert needed to complete the menu. And most of them can be cooked ahead of time for reheating at the last minute. Casserole dishes can also be cooked in the morning, then wrapped in ten or twelve thicknesses of newspaper and kept piping hot for the noonday meal.

CLASS OF 1896 IN A REUNION

Members Of 50-Year-Ago School Term Had Gathering

(Louella Williams)

The "Pioneer Class" of Ukiah High School—Class of 1896—met in reunion Friday for a Golden Jubilee. The Pioneer Class was organized in 1891. It numbered about 50 students, of whom 11 graduated three years later. The school house was a one-room building that had formerly been the Baptist church and was located on the east side of Pine street, between Stephenson and Church streets. It might surprise the eyes of present-day children, accustomed to modern facilities. The teacher said we "needed no windows open, since the cracks in the wall furnished plenty of fresh air." Heat was provided by a wood stove, around which, at recesses, the children collected and shivered — sometimes. Not often, however, as they were an active, ambitious crowd who considered high school a fine new institution for the town, under any circumstances. Boys and girls, eager for a taste of education beyond grammar school, thought little of inconveniences.

No School Buses.

They walked long distances, some of them, to get there. There was one teacher, the beloved L. W. Babcock, of early Mendocino and Ukiah educational fame. Our tribute to him, then and since, is "He made us think."

In New Location.

The second year, the school moved to a brand new building on the site of the present building. It stood in an open field, overlooking the valley and mountains eastward in a magnificent view. The pioneer class still feel pride in the fact they named the present colors of the school—blue and gold—suggested by wide carpets of poppies and lupines that spread over the grounds.

Frank L. Caughey Taught.

The second year brought in a second class and a second teacher, F. L. Caughey, another well-known educator of those and later days.

The Class Met.

Of the 11 members of the class of 1896, six met in Friday's reunion. The six had luncheon together, talking old times; then drove to the high school and around it, noting the great enlargement and changes for the better since the original days, when our physical lab was actually under the house, where we crawled (not without fun) to get there!

Looked For The Old.

Later they drove around town, not so much viewing new things as picking out the homes of old time friends—where and if they could find them among the new. To end the drive they called upon Mrs. Anna Porterfield, to whom most of the number had gone to school. They found Mrs. Porterfield, at 92 years, well and clear of mind.

Attended Graduation.

In the evening three of the number attended graduation exercises of the class of 1946. They expressed great pleasure and satisfaction in the spirit and serious quality of these exercises. Hope for the future of America is stronger in their hearts since witnessing them.

Who They Are.

Following are the names of the class of 1896: Elma Williams (Mrs. J. G. Thomas), Berkeley; Willard Nester, High school principal at Crockett; Della Cummins (Mrs. Roy Dunlap), Covelo; Gussie Elder (Mrs. F. D. Ruddick) Philo; Ethel Poage (Mrs. W. D. L. Held), Ukiah; Ernest Fine (Dr. Fine) Crescent City; Ella Hollingsworth (Mrs. F. Leonard) Ashland, Oregon; Louella Williams, retired teacher, Ukiah; Lily Barnett (Mrs. B. Thomas), Potter Valley; Florence Handy, secretary, San Francisco; Grace Johnson (Mrs. Grace MacKerricher).

Two Are Dead.

Two of the number are dead, Dr. Fine and Miss Florence Handy, a remarkable showing for the class, after 50 years. Of the first teachers, L. W. Babcock died many years ago and F. L. Caughey died within recent years.

Those In Attendance.

Those who attended the reunion were Mrs. Roy Dunlap, Mrs. F. D. Ruddock, Miss Louella Williams, Mrs. F. Leonard, Mrs. Bert Thomas and Mrs. W. D. L. Held. Those unable to attend sent felicitations.

Wish High School Well.

The best wishes of the class of 1896 are now and always have been for the continued welfare of Ukiah High School. May it grow and enrich the minds of Ukiah people.

OPPOSING BONDS

Boonville, June 24.

Why I shall vote "No" on the Anderson Valley Bond Issue. I shall vote "No" on the bond issue for the following reasons:

1. It is a most inopportune time to build. The size of the building required cannot now be accurately determined. The present increase in population, based largely on lumbering, which is a temporary industry, may or may not be permanent.

I wish to avoid the position of a neighboring community in the north bay area which recently built a fine school, adequate for its war-time population and now finds itself faced with an appalling tax burden for a school which has become a white elephant ridiculously large for the normal population.

The cost of building may be more than doubled by building in time of inflation and paying in a normal or depression period.

This is a period in our history of rapid and revolutionary changes. To conform to these changes our school system may in the near future be so altered as to make obsolete the present plan, which is already an old one.

2. I cannot ignore the fact a considerable number of small children would be forced by the proposed plan of consolidation to spend from two to three hours daily in going to and coming from school.

3. I am skeptical of the promise of a two o'clock bus. The same promise gained votes for unionization; but failed of fulfillment. It may gain votes for consolidation and still be unfulfilled because of the extra expense of other complications it will involve. There is no way of forcing fulfillment of such promises.

4. Our trustees have found administration of the present union school so difficult that, from the first, they have employed a part-time, non-teaching principal to assist them and the teachers in their work.

Until our union school can function without this assistance it does not seem wise to add to present responsibilities by consolidation.

Construction of a good building and expenditure of a large sum of money should be undertaken by our board of trustees who are capable of independent action, seeking advice when and where needed.

A Group of Anderson Valley Voters.

SISTER ATTENDS SUMMER SCHOOL IN THE EAST

Sister M. Henrietta, Prioress of the Albertinum and El Rosario, boys and girls schools, departed last week over the Union Pacific Railroad, for St. Louis, Mo., for a month's visit and vacation. While there, she is taking up a summer course on Child Welfare and Vocational Training, given by St. Louis University. She was accompanied by Sister Aloisa, of St. Mary's of the Palms School, who will enroll at the University with her. Sister Henrietta has been Prioress in Ukiah the past several years, previous to which she was Sister Superior at St. Vincent's Boys School at San Rafael.

NEW MEMBER IS FOR VALLEY BONDS

Voters of Anderson Valley will go to the polls Friday between the hours of 1:00 and 6:00 p.m. to decide whether their elementary school district will be authorized to issue $65,000 building bonds.

Demand Is Great.

The need for building is aggravated by increased population, which has filled four old buildings far beyond capacity and set up a serious health hazard because of lack of modern sanitary facilities.

Committee For Bonds.

The present trustees appointed a citizens' advisory committee last January with a representative from each organization of the valley and that committee, after a thorough study, recommended calling the election. Members of the committee are Mrs. George Gowan, Mrs. Gussie Ruddock, Rankin Rickard, Fred Clark and Horace Mathison.

New Member For It.

Alva Ingram was recently elected to the board of trustees to take office July 1 and, after studying the situation and meeting with the present board of trustees, is recommending passage of the bond issue. The present trustees, who called the election, are: Wilson Cook, Iva C. Mackintosh, Elsie Ornbaun, Earl Clark and Arthur Gowan.

EXPERT DRIVERS
The Greyhound bus driver has become a symbol of skill and service in motorized transportation. With him you ride secure in the knowledge that behind the wheel is a highly trained expert, *one of the world's finest drivers.*
Both training and tradition give the Greyhound driver well-deserved pride in his ability. New drivers, regardless of previous experience, receive a full month or more of intensive special training before taking over on their own. They must pass certain physical and mental tests comparable to those of the Army Air Corps. And now most of Greyhound's former experienced drivers are back at the wheel after serving in the Armed Forces.
Remember, too, that these Greyhound experts are *more* than bus drivers . . . they are equally famed for their friendly, eager attention to every detail of service that makes traveling by Greyhound more than just a way to go places.

YOUR PUMPS IN THE PICTURE
TO THE FARMERS of California, great credit is due for systematically stepping up food production to help feed a hungry world.

Since your electric pump will play such an important part in producing this year's crops, it should be given every attention. If you think it is not operating normally, we suggest a pump test. The services of our pump testing crews are available at your request.

O. E. S. Meeting.
Augusta Chapter No. 80, Order of Eastern Star, held a stated meeting Thursday evening, June 20, at Masonic Temple, with W. M. Lois Hurt and W. P. Senator George M. Biggar presiding. At the close of business the meeting was turned over to the program committee which had arranged for presentation of the 50-year membership pin to Mrs. Fannie English. The pin neatly arranged on a yellow and blue pillow was carried to the East by Mrs. English's little grandson, Billy English, while a beautiful mixed bouquet was carried by Kay Hurt, small daughter of Mr. and Mrs. Gavin Hurt. Mrs. Francis Henley, only living charter member of Augusta Chapter, with a few well chosen words, made the presentation. A vocal duet, "I Love You Truly," was sung by Mrs. Eunice Jamison and Mrs. Lois Hurt, accompanied by Mrs. Alta English. Piano solo, "Love's Old Sweet Song," by Alta English; vocal duet, "The Old Spinning Wheel," by Mrs. Beatrice Lovell and Mrs. Catherine Johnson, accompanied by Mrs. Alta English. The hall was beautifully decorated and kerosene lanterns and lamps helped furnish light, which depicted pioneer days when lamps and lanterns were the only kind of lights available. After the program, invited guests, relatives of Mrs. English and members, were invited to the dining room where ice cream and cakes, chocolate and coffee were served by the refreshment committee with Catherine Johnson acting chairman. Everyone reported a most delightful evening and Augusta Chapter feels highly honored to have had this privilege. Mrs. Mary Cummins, sister of Mrs. English, Mrs. Fannie Davis, niece, and husband, Allan Davis, all of Riverside, came to Covelo for the occasion. Mrs. Cummins was a member of the O. E. S. chapter under another name here in 1873, but the name Augusta was given it later, in 1883, after the first Order had lapsed. The Order has grown from a small membership then to about 90 members at the present time.

Still Is Unsolved.

No new evidence has been reported by officers in connection with the loss of $30,000 from the residence, last weekend, of Wm. A. Casteel, well known local lumber mill owner. The loss represents $20,000 in cash and $10,000 in bonds and securities, according to the report to officers, all of which had been kept in a box in the Casteel home. Officers are following every clue in connection with the loss, but have not been able to find any trace of the missing box or its contents, up to the present.

Accommodations Lacking.

Laytonville is another place where it is now impossible to find living quarters. This is due to the lumber boom in that locality and the large increase in population. Superintendent Willis of the schools at that place reports teachers for Laytonville schools cannot find living accommodations and that several of them have been here looking for houses or rooms.

RANCHERS ARE ASKED TO AID

Control Burning Is To Be Supervised By Forestry Men

All ranchers who plan to do control burning this coming fire season are urged to submit their application to the Division of Forestry at Willits as soon as possible. According to Ranger Campbell, it will be necessary to know all ranchers who contemplate burning this year in order to make necessary arrangements to contact each one and check the area prior to issuing the permit and the actual firing.

Inspection Necessary.

As several inspections of the area have to be made before control burning, the Division of Forestry has to know, well in advance, the number of actual control burns to be done during the fire season. Although no deadline has been set, any rancher who desires to burn this year should have his application in to the Division of Forestry at once in order to receive better action for his control burn.

Former Sheriff R. R. Byrnes was here from Lake county last week.
